# JMH Exclusives | POLYTEC COMPACT LAMINATE

## COMPACT laminate

As the consummate, long-lasting, low-maintenance, decorative panel, polytec's Compact Laminate is a go-to product for the most demanding professional interior and external joinery environments.

Being manufactured from quality materials embeds polytec's Compact laminate with excellent technical characteristics. It's totally impervious to water and has outstanding impact, stain and wear resistance, along with excellent hygienic properties.

Characterised by a distinctive black core, Compact Laminate holds extra appeal on the aesthetic front and as a structurally sound material.

The introduction of Smooth and Woodmatt finishes into polytec's Compact Laminate range avails exciting new design possibilities for commercial projects. polytec's Smooth finish is a sleek, flat surface with minimal reflectance available in a range of stone patterns. polytec's ever-popular Woodmatt finish has been introduced to the range, allowing for greater design flexibility with a realistic woodgrain feel in timber designs and a new solid, Cinder Woodmatt.

Splashback in **COMPACT** laminate Calacutta Grey Smooth.  
Vanity drawers in **MELAMINE** Tasmanian Oak Woodmatt.

## ENVIRONMENT & SUSTAINABILITY

Polytec is committed to an eco-friendly and sustainable environment. It is an intrinsic part of the way we do business daily. Our decisions are made so that they have minimum negative impact on the environment.

Our product is manufactured from managed and renewable plantation pine, and on request can be purchased as Responsible Wood Chain of Custody certified. All polytec board products are manufactured from E0 or E1 MDF.

We manage waste responsibly through numerous recycling programs including aluminium and metals, used oils and timber waste is recycled back into energy. We subscribe to local government environmental initiatives and voluntary audits as well as our own internal Energy and Carbon Management Policy (ECM), which aligns with the Australian Government's Energy Efficiency Opportunities (EEO) program.

Polytec doors and benchtops are Australian Made & Owned.

Wall Panelling in **COMPACT** laminate Calacutta D'oro Smooth.  
Vanity in **COMPACT** laminate Athena Stone Smooth.

## ENVIRONMENT & SUSTAINABILITY

The surface of polytec’s Compact laminate is made from a stain-resistant melar based resin. The toughness and high impermeability of this surface means that polytec’s Compact laminate should require no more than wiping with a soft clo dampened with plain water or a household detergent mix to remove all comm household spills.

For more stubborn stains use a mild household cleaning spray. Always ensure y refer to the recommendations provided by the manufacturer of the cleaning pi uct before use.

By following these simple steps you should retain a beautiful kitchen surface fc many years.

Visit [www.polytec.com.au](http://www.polytec.com.au) for specific care and cleaning information. Darker co- lours will show superficial wear and tear more readily than lighter coloured surfac- es and require more care and maintenance.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour. To order your free colour sample visit [www.polytec.com.au](http://www.polytec.com.au).

## COMPLEMENTARY RANGES

COMMERCIAL range	ULTRAGLAZE range
XENOLITH premium coloured core	MELAMINE doors & laminate
STECCAWOOD prefinished decorative battens	THERMOLAMINATED doors & panels
35mm ARCHITECTURAL doors	ALUMINIUM framed doors
EVOLUTION range	ALFRESCO range
BENCHTOPS range	WARDROBE range

Polytec swatches and samples represent a small area of the overall colour structure, to view the large colour sample, visit [www.polytec.com.au](http://www.polytec.com.au)

The use of our current samples gives the colour and finish that a customer would expect to receive. Samples are provided for colour and finish selection and polytec recommend testing a sample for fingerprint resistance and ease of cleaning. Polytec does not guarantee exact colour matches across product ranges due to colour variation in each product group.
